Upgrade Your Senses

A New Network to Automate Environmental Sensing - Everywhere

Sense8 is a full-service IoT (Internet of Things) platform coupled with sensor automation and dynamic alerting for healthcare facilities, pharmacies, and cleanrooms.

Sense8: The Next Generation of Pharmacy and Medication Monitoring

- Always stay informed with a platform that works with your team
- Sensors are Peel and Stick - monitor meds anywhere
- Automate records for temperature, humidity, differential pressure, and more
- Full audit trail for task accountability, date/time, and staff comments
- Robust alerting if out-of-limit, and team escalation if needed

edgeX IS A GAMECHANGER

Sense8: Peel-and-Stick Anywhere and Everywhere Meds are Stored

A smart environmental sensor solution designed to monitor your facility continuously. Sensors are installed in minutes to start streaming IoT data to a productivity dashboard.

Users can set alerts that trigger smart notifications to registered users or management, data is combined with various cloud services to ensure compliance with national standards and the smooth operations of the healthcare facility.

Managers get activity reports and an accountability timeline.

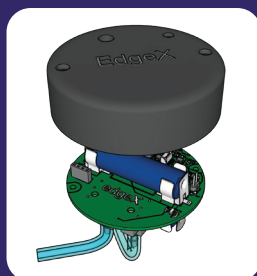

Temp/Humidity

Fridge/Freezer

Diff Pressure

- Temperature: -15 to 55°C
- Relative Humidity: 0% - 95%
- Differential Pressure: 0 to 0.1" WC (water column)
 - +/- 0.25% Accuracy
 - selective sensitivity up to 5" WC
- Integrated Weather Trends
- Program Managed Certifications and Calibration

Easy to Install. Easy to Use.

Peel-and-Stick Nodes

Smaller than the Competition

Completely Wire-Free

Years of Battery Life, Not Months.

One Meter Accuracy

Secure Cellular Connection

Sense8: A Private Network

EdgeX Network Anchor

Wireless, Peel and Stick Technology Allows You to Monitor Meds Anywhere

- EdgeX Network Anchors communicate with our sensors and Smart Tags
- Data is sent directly to the EdgeX Core Cloud using 4G-LTE Cellular connectivity with national carriers like AT&T™ and T-Mobile™
- Sensor devices are always up-to-date
- Extend coverage by placing EdgeX Network Anchors every 2,000 sq ft – anywhere in your facility
