

## PMI SAFETY SUB-Q SETS

Primrose Medical Subcutaneous Infusion Safety Sets

### Available in Various Gauges, Lengths and Configurations

The **PMI SAFETY** SUB-Q SETS offer a safety closure device that minimizes the possibility of needle sticks. Offered in a variety of configurations, these versatile sets are able to accommodate a complete array of different therapy options.

## Product Features:

- Sets available in 6 mm, 9 mm, and 12 mm needle lengths with 24 gauge and 27 gauge options
- Offering 1-needle, 2-needle, 3-needle, 4-needle, 5-needle, 6-needle, and 8-needle infusion sets
- Additional lengths and gauges may be special-ordered to fit your clinical needs
